

Microsoft Worldwide Partner Conference 2007 Palm Email Invitation

[Subject line]

Join Palm at the Microsoft Worldwide Partner Conference 2007

[Head]

Visit Palm at Microsoft's annual Worldwide Partner Conference

[Subhead]

July 10-12, 2007 at the Denver Convention Center in Denver, Colorado

Dear <FirstName>,
[otherwise default to <Mobile Business Professional>.]

As a Gold-certified Microsoft partner, Palm is proud to be a silver sponsor of this year's Microsoft Worldwide Partner Conference in Denver, Colorado. Join Palm and over 7,500 Microsoft partners from around the world as Microsoft rolls out its FY08 initiatives to the partner community. Participants in this cornerstone event will enjoy 150 sessions for product and competency training and the opportunity to network with Microsoft executives and global partners.

While you benefit from a variety of Microsoft training and resources, you can also explore the latest advancements in Palm mobile communications on the Windows Mobile® platform.

For professionals on the go, Palm® Treo™ smartphones extend the unified, flexible communications of Microsoft Office Communicator 2007 outside of the workplace. Palm innovations like Microsoft® Direct Push Technology¹, rich multimedia support, and increased memory provide robust computing power and ultimate productivity to enterprise businesses². And the Palm Treo connects directly to your existing Microsoft Exchange environment—so you get secure wireless delivery of Outlook® email as well as Calendar, Contacts, and Tasks without any middleware or extra servers.

Sign up today for this essential Microsoft event at www.clickhere.com. And visit us in **Booth #1314** to learn more about enhanced Palm performance on Microsoft Windows Mobile.

Sincerely,
Palm Business Solutions

¹ Requires Exchange Server 2003 with Service Pack 2, or higher.

² Within mobile coverage area only. Requires Microsoft Exchange Server 2003 with Service Pack 2, or higher. Email requires data services from a mobile service provider at an additional cost. ISP and/or VPN may also be required.
